Sharlene Peach
Customer Service Team Leader

Dear Sharlene,

Samuel's Wish

On behalf of [Make-A-Wish® New Zealand](#) please accept our sincere thanks for your generous assistance with Samuel's wish. Samuel is a 16 year old boy from Christchurch whose *one true wish* was to go to a Parramatta Eels game in Sydney and meet the team!

[Make-A-Wish](#) grants the wishes of children (3-17 years) with life-threatening medical conditions to enrich the human experience with hope, strength and joy. We could not make the wishes of seriously ill kids as special and memorable as they are without the generosity and kindness of people and organisations like you.

Thank you so much for providing Samuel and his family insurance for their trip to Australia. With your help, Samuel was able to fly to Sydney to watch a Parramatta Eels home game. Samuel had seats in the premium suite where he was introduced to some of the Eel legend players. On top of all this, Samuel also meet some of the players and walked them out onto the pitch during their warm up session before the big game. It was an awesome atmosphere and the family had a fantastic time. As an enhancement to Samuel's wish, he went to the Sydney Aquarium where he was given a private tour and participated in the shark feeding session with the staff!

Granting a wish creates a piece of pure magic which can provide an escape for children and their families facing the most challenging times. It is comforting to know we have friends, like you in the community willing to support [Make-A-Wish](#) and our many wish families. Your generosity and contribution was invaluable.

Thank you for sharing in the power of a wish!

Best wishes,
